

WELCOME TO THE  
**MAKER**  
SUMMER

Summer Activities Guide  
2015

# WELCOME TO THE **MAKER** SUMMER

*Engage your child through making,  
tinkering, taking things apart, creating.  
Learn through doing.*

Most of us are looking forward to summer vacation, being outside more often and enjoying some down time. But for students of all ages, summer can also mean losing the academic ground they gained during the school year.

You can help your children enjoy summer and stay engaged in learning by keeping them active and taking advantage of what we have in the area.

The following are low and no cost options.

# Attend a Camp
