Library Use

The library and its books are for students use. It is a privilege to be able to check out books from the school library.

To be able to check out a book from the library a student must:

- participate in class
- have a minimum number of letters
- take care of books checked out
- return books to school when finished (e.g. not passing them on to other students)
- bring them in on Wednesdays during elective for checks
- choose a book when the teacher allows them to do so
- have no more than two books checked out at a time

Note this list is not inclusive.

This program will change over time as improvements are made.

Permission to check out books is granted to those who agree to the above book use procedures. If changes are made students will be allowed to sign an updated form.

I verify that I agree with the above by my signature below.
