2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

The Tehama County Juvenile Court School, Tehama Oaks School, provides a standards-based educational program to all adjudicated youth detained with the exception of high school graduates. The Tehama County Superintendent of Schools is the legal agent for administering the school. State adopted curriculum is used in all core classes including Math, English, Social Science, and Science. Students have one hour of Physical Education each school day. There are also opportunities for courses and activities which provide pre-employment skills, social skills, health, and fine arts. Educational programs are designed to meet the individual needs of all students while they are adjudicated, using a balance of whole class, small group, and one-on-one instruction along with independent learning in some academic classes. Tehama Oaks is WASC accredited.

Mission Statement:

The Mission of Tehama Oaks School is to provide a safe and productive learning environment that promotes growth in academic and social-emotional skills in order to prepare students for graduation and constructive futures. Opportunities to demonstrate critical thinking skills are incorporated into instruction with the goal that students will become self-sufficient, motivated, contributing members of society.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	
Unknown	
Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Each student has access to current textbooks and instructional materials virtually at all times during their stay. The exception to this rule, for security reasons, is that students are only allowed a very select number of materials in their rooms. The school site is Williams Act compliant.

All the main textbooks and materials are standards-based and are on the adopted lists. There are some materials that are older and are for supplementary use such as vocabulary workbooks, the Numeracy Project (standards-based detailed and differentiated lesson plans), and the language program, which may not be State Board of Education approved. Because of their supplementary nature, they may never be considered for State Board approval

School Facility Conditions and Planned Improvements

The Tehama Juvenile Justice Center provides incarceration for the adjudicated youth of the county. Therefore, it is a secure facility with daily attention to safety, supervision and cleanliness. The BSCC inspection on November 30th had no deficiencies. The ceiling tiles need to be replaced from previous water damage however the roof has been fixed and no structural concerns, they are just stained.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

2020-21 Career Technical Education Programs

This facility court school does not yet have any CTE programs. Vocational education is provided in the classroom to all students. A college-career counselor meets with students to support them in academic and life planning. Support is provided to complete FAFSA and College applications for High School Seniors. Teachers provide instruction and class lessons to students career and vocation exploration as well as college options, applications, and other areas of need for future planning. Students are referred to a mentoring program to support them in their future planning and supporting them in taking those needed steps.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parent involvement is highly encouraged for students detained in the program. Parents have direct involvement in Individualized Educational Programs (IEP) meetings for special education students, and in Student Study Team (SST) meetings for general education students. Parent conferences are encouraged and occur based on parent request. Our School Counselor serves as a parent liaison. She makes contact with parents of students enrolled in our school program, offering updates on student progress at school. She collects feedback and answers questions from parents. Feedback is shared as stakeholder input for program improvement. A collaborative effort between the Tehama County Juvenile Hall and the Tehama County Department of Education (TCDE) is focused on a more comprehensive approach to parent outreach. The Juvenile Hall educational program is a significant part of the TCDE Local Control and Accountability Plan (LCAP). The transition specialist supports as they transition into and out of the facility through parental contact and preparation of documentation for a seamless transition once back in their home community. Parent surveys are conducted a least twice a year to get input on program operations, academic, and social emotional needs while their student is/was in our academic setting.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The Tehama County Department of Education and the Tehama County Probation Department are committed to providing a safe and secure environment for students and employees. The juvenile facility is inspected for safety and security monthly by the Tehama County Probation management staff. The Fire Marshall conducts an inspection every two years and the Juvenile Justice Commission and the Grand Jury conduct annual inspections. The most recent BSCC site inspection was November 30th 2021 and no deficiencies were found. Available on-site is a General Crisis Information and Emergency Procedures Manual for Tehama County Schools. Staff regularly receive safety training and briefings. The comprehensive safety plan was reviewed on November 5, 2020, and adopted by the Board on November 18th, 2020. Annually, the CSSP is reviewed, updated, and discussed during the SSC meetings which include faculty and a student representative. During the pandemic, special safety protocols have been established based on CDC recommendations, consultation with Public Health, and mandates from CDE and our Governors. These protocols have been included in a COVID-19 Safe Schools plan approved by our local Public Health Officer. These safety protocols include social distancing, increased sanitation, and masking, as well as testing for students and staff.

Professional Development

Weekly minimum days afford staff opportunity to share instructional expertise, enjoy presentations on various topics such as literacy and technology training. Instructional coaching is provided by the Educational Support Services Division of the Tehama County Department of Education. A particular focus has included participation in the TCDE SEES grant (Science and Environmental Engineering for Secondary) emphasizing Science careers and teacher coaching. The chosen professional development is driven by the recent changes in California Standards. Additional training during the 2017/2018 school year have included TEAM training, MakerSpace training and training on the Commercial Sexual Exploitation of Children. During 2018, staff attended the National Trauma Informed Schools Conference. Social Emotional Learning training was attended by all staff in Fall 2019 as well as History and Social Science Training. NGSS Training will be attended in Spring 2020. The focus for training during the 2020/2021 school year has been Social-Emotional Learning with staff attending training on this topic.
