Healthcare Benefits for the Education Community

CVT Just Made Open Enrollment Easier

As Open Enrollment approaches, CVT will simplify the often-confusing process by offering it virtually.

What does this mean for you?

It means that representatives from our Member Services Team will be available to meet with you one-on-one over the phone, or even via video conference, to walk you through your Open Enrollment selections and answer any questions that you might have about:

- the benefit choices available, and how best to select a medical plan that meets the needs of you and your family
- how to save time and money for non-emergent care by using the telehealth program
- navigating through the complexities of health insurance, and how CVT resources can get you the quality care you need
- how to obtain behavioral health care through our variety of programs

How do I make a one-on-one-appointment with my Member Services representative?

- Call CVT Member Services at 800-288-9870, or email memberservices@cvtrust.org to set up an appointment with a representative.

Don't forget to visit our dedicated Open Enrollment Resources page at cvtrust.org/OEresources. It's full of important information and useful resources that will help you as you select the plan that is right for you and your family.
