An Easy Way to Pay for Expenses

A Section 125 Plan provides a tax-saving way to pay for eligible medical or dependent care expenses. The funds are automatically deducted from your paycheck before income tax is applied. Simply choose the amount to be deducted, and the funds are set aside to be used for eligible expenses throughout the year.

Here’s How It Works
A Section 125 Plan reduces your tax and increases your spendable income by allowing you to deduct the cost of eligible benefits from your earnings before tax. Plus, the plan is available to you at no cost, and you’re already eligible. All you have to do is enroll.

To enroll in the Section 125 Plan, just complete an election form. You’ll receive plenty of advance notice when it’s time to enroll. And, in most cases, you must re-enroll each year to keep participating in the plan.

Is It Right for Me?

The savings you may experience with a Section 125 Plan are outlined below. By utilizing the Section 125 Plan, Jane would have $70 more every month to apply toward her insurance benefits or other needs. That’s a savings of $840 a year.

Ready to Enroll?

To enroll in the Section 125 Plan, just complete an election form. You’ll receive plenty of advance notice when it’s time to enroll. And, in most cases, you must re-enroll each year to keep participating in the plan.

Here’s How To Make Election Changes

You’re able to change your election each year during your annual benefits enrollment, but the only time Internal Revenue Code regulations allow you to make a change during the plan year itself is if you experience a qualified event. Some examples include:

• Change in legal married status
• Change in number of dependents
• Termination or commencement of employment
• Dependent satisfies or ceases to satisfy dependent eligibility requirements
• Change in residence or worksite that affects eligibility for coverage

These examples may not be all-inclusive. Please contact your employer for guidance with your specific situation.

Help Save for Medical Expenses

Are you looking for a way to reduce your taxable income and help pay for medical and dependent care expenses? Reimbursement accounts can do just that.

With these accounts, you’ll enjoy a money-saving way to pay for eligible medical or dependent care expenses with pre-tax dollars from your paycheck. Just choose the amount to be deducted, and the funds are set aside to be used for expenses throughout the year. It’s that easy.

Here’s How They Work

A Dependent Care Account (DCA) allows you to set aside pre-tax dollars to reimburse yourself for eligible dependent care expenses. Because your money goes into the account before income tax is withheld, you pay less in tax and have more disposable income. You may allocate up to $5,000 per tax year for reimbursement of eligible dependent care services (or $2,500 if you are married and file a separate tax return).
