Local Property Taxes - Local property taxes are allocated to the SELPA, SELPA Priorities and TCDE based on the Funding Allocation Plan.

Permanent State Entitlement Funding Calculation: The calculation is as follows:

- First priority - The SELPA, will be funded for 100% of its expenses. PS/RS funds will be allocated to the SELPA first and the difference will come from local property taxes.
- Second priority - SELPA priorities, will be replenished annually to a maximum of \$250,000. Funding will come entirely from property taxes.
- Third priority - The Tehama County Department of Education will be reimbursed for 86% of its total expenses. Total expenses can be found on the Billback Calculation Summary worksheet provided to the Governance Council quarterly. The TCDE will be funded with a combination of property tax revenue, federal local assistance grant funds and a portion of total state entitlement. Funds will be allocated in the following manner:
 - Any property tax revenue left after funding the first and second priorities, will be allocated to TCDE.
 - \$721,016 from the federal local assistance grant will be allocated to the TCDE.

***Note:** Because the federal local assistance grant has not increased substantially for a number of years, this amount has been automatically allocated to the TCDE each year. This allocation translates to about 41.5% of the total grant amount. If at any time in the future the grant increases substantially (amount to be determined by the SELPA Governing Board) the allocation to TCDE will be recalculated using the 41.5% percent figure.*
 - The balance of any remaining unfunded expenses will be allocated from 'total state entitlement'
- Fourth priority- the remaining state entitlement funds and local assistance grant funds will be allocated to program operators according to the following formulas:
 - 80% of remaining state entitlement will be allocated by prior year P2 ADA. The other 20% will be allocated by prior year CALPADS Census Dates pupil count.
 - 100% of local assistance grant funds will be allocated by prior year CALPADS Census Dates pupil count.

SELPA Priorities Fund

In addition to the SELPA AU and LEAs that operate programs, the SELPA allocates a portion

SELPA Fiscal Year

of the State Entitlement income for SELPA Priorities - a SELPA savings account. This money is allocated by the SELPA Governance Council. The SELPA Priority funds will be used in the following manner:

- Maintain a \$250,000 reserve to be used as outlined by SELPA Agreement 6
- Property tax funds will be transferred to replenish the fund to \$250,000 at the beginning of each school year.

Management Fee

Rather than being assessed an indirect fee for county office services, the SELPA pays a management fee to the county office. The management fee is \$300,000.

District to District Excess Cost Determinations

School districts that provide special education services to students from outside their attendance boundaries at the request of the DOR may charge the DOR the excess cost associated with providing services for individual students. A district that arranges for services from another district is responsible for its pro-rata share of the excess costs associated with that service. School districts that receive special education funding from the SELPA, over and above their normal State Entitlement allocation, in order to provide regional services, may not charge another district for excess costs unless so stipulated in the agreement to provide such regional services. The Excess Cost amount is determined by the Fiscal Oversight Committee on a yearly basis. *Excess costs do not apply to students who enroll in school districts other than their District of Special Education Accountability through the inter-district transfer process.*

Districts that receive services from the TCDE are responsible for the excess costs associated with those services. The formula for determining these costs is determined by the SELPA Governing body and contained in the SELPA Billback Calculation formula.

Federal Revenue Sources

In addition to State Entitlement revenues, the SELPA budget also receives the following other income sources:

- **Federal Local Assistance Grant** - *The federal local assistance grant is allocated to the SELPA to provide FAPE to identified public school students ages 3 to 22 and other services to identified students attending private schools.*
- **Federal Pre-school Grants**- The SELPA receives two federal grants for pre-school.
 - Federal Preschool Grant
 - Preschool Local Entitlement Grant
- **Federal Pre-school Staff Development**
- **Federal Part C Grant** - The SELPA receives a grant for infant services, which is transferred to the Shasta County Office of Education for providing infant services to children in Tehama County.

Note: Shasta County Office of Education also receives state funding based on their infant pupil count, including Tehama County infants, which directly flows to the Shasta County Office of Education.

SELPA Fiscal Year

- **Federal Mental Health Grant** - This funding is allocated using prior school year ADA and can be used for the same purposes as the state entitlement mental health funding.
Note: Notifications regarding all federal grants are in the form of grant award letters.

Local Property Tax Revenue

In addition to State Entitlement and Federal grant funding, The SELPA is allocated revenue from local property taxes for the purpose of providing special education programs and services. An estimate regarding property tax revenues is included in the Special Education Funding Exhibit. A more accurate figure is available from the TCDE business department.

General Fund Contribution

It is important to remember that special education is severely underfunded and even with local, state and federal funding, this never covers the expenditures of special education services. Expenditures above and beyond the funds described above are provided by district general funds, which is currently over 60% of the expenditures.

Budget Development, Approval and Review

Budget Categories

The SELPA Administrator manages 17 separate budgets, including:

Memorandums of Understanding and Fee for Service

- Memorandums of Understanding and Fee for Service
MOU's - the SELPA provides services , e.g. nurse, psychologist, etc. to local school districts, TCDE special education programs and other County Office programs based on a Memorandum of Understanding.
For LEA's that neither employ nor contract with the county for their own psychological service, the SELPA provides psychological services to local school districts on an as needed basis via a Fee for Service model.
Details regarding costs, usage and billing are included in the *MOU/FFS budget document*.

- Lottery Funds
- Federal Local Assistance grant (TCDE programs and services)
- Allocation from to provide services to identified school age students enrolled in private schools
- Preschool Services
- Mental Health Services
- Preschool staff development

- Medi-Cal

The SELPA generates Medi-Cal income for a variety of services. Medi-Cal monies are restricted and can only be used to enhance or increase health related services to students. A collaborative of the providers must be used to determine Medi-Cal spending. Other expenses include a percentage of secretarial services and processing fees for the Medi-Cal vendor.

- MAA
- TCDE Programs and Services

SELPA Fiscal Year

- SELPA Office
- Low Incidence materials and equipment
- *SELPA Priorities*: The SELPA Priorities Fund was created prior to AB602 through the Goldfinger maximization process. The SELPA hired a financial consultant each year who revised each district's J-50 report to maximize the amount of funding. The SELPA used the resulting increase in funding to create a reserve called the SELPA Priorities Fund. It was agreed in the allocation plan to continue the maximization fund (now referred to as "Priorities") as an ongoing separate allocation.
- *Out of Home Care Funding - Approved Non-public school Procedures governing the use of these funds can be found in SELPA Agreement SA 7 LCI Funding*) Prior to 2004-05 the CDE reimbursed LEAs for 100% of the cost of placing student's living in Licensed Children's Institutions (LCI) in non-public schools or agencies. In 2004-05 the CDE eliminated that practice and instead, began allocating additional funds to SELPAs. The amount of funding is determined annually based on a count of LCIs "beds" from a held/harmless proxy date of 12/1/17. The money is allocated to the SELPA AU in the state distribution formula. SELPA Agreement 7, LCI Funds, delineates the process the SELPA prioritizes of the use of these funds.
- Educationally Related Mental Health Services (ERMHS)

Approval

In the spring of each year, a fiscal report for the upcoming school year is presented to the governing board for its approval. This report includes the following:

- Billback Calculation - a summary of income and expenses for each major program category
- Billback Summary - The projected billback by program category for each school district
- Income Distribution - Allocation of State Entitlement, Federal Local Assistance Grant and Local Property tax revenues
- Non-public School Expenses - Billback by district
- Individual Behavior Interventionists - Billback by district
- Memorandums of Understanding and Fee for Services - Billback by district

Prior to presenting budgets to the governing board they are reviewed by the county office CBO. The SELPA Administrator and Budget Analyst also present information to LEA CBOs throughout the year and prior to bringing to SELPA Governance.

Based on the information contained in these documents the governing board takes action to approve/deny the SELPA budget.

Children with disabilities are served in their home districts whenever the needs identified on the individualized education program can be met within the home district.

LEAs are allocated special education funds based on their ability to meet all of the following requirements:

- demonstrate fiscal capability,
 - demonstrate the ability to comply with student IEPs,

The parties involved will present the issues to their respective superintendents, or designees, who will attempt to resolve the matter. If this process fails, the parties may pursue a hearing on the issues and resolution with SELPA Governing Board.

If either party disagrees with the recommendation of the SELPA Governing Board, and the dispute relates to the distribution of funding, the responsibility for service provision or other governance activities specified within the Local Plan, the party may submit the dispute to mediation. The parties will make a good faith effort to mutually agree to a mediator with expertise related to the dispute. **INTERAGENCY AGREEMENT BETWEEN FAR NORTHERN
REGIONAL CENTER AND TEHAMA COUNTY SPECIAL
EDUCATION LOCAL PLAN AREA FOR IMPLEMENTATION OF
THE CALIFORNIA EARLY INTERVENTION SERVICES ACT
KNOWN AS EARLY START**

1. PURPOSE

The purpose of this agreement is to describe selected policies and procedures of Far Northern Regional Center (FNRC) and Tehama County Special Education Local Plan Area (SELPA) relating to the implementation of the California Early Intervention Services Act, hereinafter referred to as “Early Start”, and its implementing regulations. Specifically, this agreement will define the financial responsibilities of each agency, procedures for resolving disputes, and methods of transition planning between the two agencies.

2. PARTIES

The parties to this agreement are Far Northern Regional Center and Tehama County Special Education Local Plan Area.

3. TERMS OF AGREEMENT AND REVIEW SCHEDULE

This agreement shall be in effect from January 1, 2021 – December 31, 2021. The agreement shall be reviewed and extended on an annual basis by the signing of a notification of extension by both parties. Termination of this agreement may be initiated by either agency providing 30-day written notice of any practice inconsistent with this agreement.

4. UNDERLYING PHILOSOPHY

Both FNRC and Tehama County SELPA endorse the philosophy statement that is attached to and made part of this agreement as Appendix A.

5. TARGET POPULATION

This agreement applies to activities and services performed on behalf of infants and toddlers, birth through two years of age, and their families, who are eligible for early intervention services under Early Start, as defined in California statute, regulations and policies.

6. STATE SYSTEMIC IMPROVEMENT PLAN

*The LEA will agree to work together with FNRC on the common goals State Systemic Improvement Plan (SSIP) to improve social/emotional outcomes for children on an IFSP.

7. PAYOR OF LAST RESORT

A. Financial Responsibility

FNRC and Tehama County SELPA will operate within the provisions of the State Interagency Agreement executed between the Department of Developmental Services and the California Department of Education on September 9, 1993. Due to the importance of the provisions entitled “Payor of Last Resort”, those pertinent sections of the state interagency agreement are presented below:

1. Definition – “Payor of last resort” means the Regional Center or Local Education Agency (LEA) that is ultimately responsible to arrange, provide, or pay for appropriate early intervention services, as defined in 34 CFR, Section 303.12, as listed on an Individualized Family Service Plan (IFSP) as a required service, after all other providers or payors have been considered and eliminated because their legal responsibilities have been fulfilled under state or federal law.
2. FNRC will be the payor of last resort for all Early Start eligible infants who are Regional Center clients as defined by state law and regulations. It will not include infants with solely visual, hearing, or severe orthopedic impairments, or any combination thereof, who meet the criteria in Sections 56026 and 56026.5 of the Education Code, and in subdivisions (a), (b), (d) or (e) of Section 3030, and Section 3031 of Title 5 of the California Code of Regulations.
3. The Local Education Agencies, which comprise the SELPA, will be the payor of last resort for those infants with solely visual, hearing or severe orthopedic impairment, or any combination thereof, who meet the criteria in Sections 56026 and 56026.5 of the Education Code, and in subdivisions (a), (b), (d) or (e) or Section 3030, and Section 3031 of Title 5 of the California Code of Regulations.

B. Maintenance of Effort

Tehama County SELPA contracts with the Shasta County Office of Education for the provision of special education services for infants and toddlers aged birth through two years of age; therefore, the Tehama County SELPA has no maintenance of effort in regard to providing services to this population.

8. PROGRAM IMPLEMENTATION POLICIES

A. Child Find

Both agencies agree to coordinate local child find activities including, but not limited to, outreach efforts to hospitals, physicians, child care programs, public health facilities, other social service agencies and other health care providers. FNRC will assume responsibility for contacting hospitals with neonatal intensive care units (through participation in discharge planning rounds when available) to assure that referral linkages with those facilities are maintained. Tehama County SELPA agrees to include information about Early Start in its annual child find public notices.

B. Referral Procedures

Due to the fact that Tehama County SELPA contracts with Shasta County Office of Education for the provision of infant services, the two parties to this agreement will not dually serve any 0–36 month old child with a solely low incidence disability. Tehama County SELPA agrees, therefore, to refer to Regional Center all 0–36 month old children that appear to need early intervention services provided they do not have a solely low incidence disability. The Regional Center agrees to refer to Shasta County Office of Education any child who has a solely low incidence disability. The Far Northern Regional Center Referral form (Appendix B) will be used as the interagency referral form.

In keeping with Federal and State regulations, the referral to the appropriate agency must take place no later than 48 hours exclusive of weekends and holidays after the agency learns of a child in need of early intervention services.

To further clarify referral procedures:

If a child is referred for Early Start services with the primary concern being speech/language delay with no indication of a possible hearing loss, it will be the responsibility of FNRC to determine if a hearing loss does exist. If an evaluation does verify a hearing loss, the child will be referred to the LEA as a solely low incidence, hearing impaired child and FNRC will not be responsible for providing services to that child.

If a child is referred for Early Start services with the primary concern being a possible hearing loss, even if that loss is not yet diagnosed, it will be the responsibility of the LEA to determine if a hearing loss does exist. If an evaluation does not verify a hearing loss and the child is exhibiting speech delays, the child will be referred to FNRC for services to address the speech delay.

Any evaluations done by one agency shall be given to the other agency once it is determined which agency is the appropriate payor of last resort. The receiving agency should consider using existing evaluation data for determining eligibility.

Note: For purposes of this agreement, the term “hearing loss” shall be as defined in California Code of Regulation, Title5, Article 3.1 3030 (a) which is consistent with the definition used in the Early Intervention Services Act regulations, Article 1, Section 52000 (b) (20).

Children referred for services after age two years, 10 months, will be referred to the Tehama County LEA for education services.

C. Year-round Provision of Services

Throughout the year the IFSP service coordinator will contact the appropriate Early Start staff person at the other agency to discuss the child’s progress and service needs. These contacts will take place at least semi-annually to coincide with the annual and semi-annual IFSP meetings. It is understood that staff from the agency that is not responsible for the IFSP service coordination can initiate contact with the IFSP service coordinator whenever a need arises. Both agencies agree that a contact person familiar with Early Start services will be available to receive calls from the other agency throughout the year.

Both agencies also agree to work together to ensure the provision of services during periods of school vacations when services are required on the IFSP. The multidisciplinary IFSP team will determine the need for continued services during short or extended school breaks.

D. Transition Procedures

Tehama County SELPA agrees to participate in the transition planning process for children who are being served by the regional center when they reach age 2 years, 9 months or as early as 2 years 6 months if all parties agree. Primarily, Tehama County SELPA will share information with the regional center on the availability of preschool services for the child when he/she reaches age three, will allow parents to observe preschool classes and will be available for consultation to Regional Center staff prior to the IEP meeting when the child reaches 36 months of age.

For purposes of transition at age three, the IFSP Transition Plan (see form EI 04, IFSP/Transition Plan in Appendix B) will be implemented as follows:

Age of Child

Activity

At or before:

2 years 6 months

Service coordinator notifies parent(s) that transition planning will begin within the next 3 months and that an IFSP transition plan will be developed before the toddler is 2 years 9 months.

Parent consent is obtained to include an LEA preschool representative for a Transition IFSP conference. The service coordinator notifies the LEA that there will be a transition IFSP conference requiring the attendance of an LEA preschool representative before the toddler is 2 years 9 months. Within 30 days, the family, service coordinator and the LEA agree on a date for the transition IFSP conference.

2 years 9 months

Transition IFSP conference is held with service coordinator, parent (s) and, preschool representatives of LEA. If possible this meeting will be combined with the IFSP at 2 years 6 months.

At the transition IFSP conference a projected date for conducting the final review(s) of the IFSP and the initial IEP is set including the identification of the persons responsible for convening the IEP/final IFSP review meeting(s). The date(s) is set collaboratively between the LEA staff, the parent(s) and the FNRC service Coordinator.

Information about assessments that may be needed to determine eligibility for LEA and continued FNRC services are discussed.

Steps to prepare the toddler of changes in service delivery, including steps to help the toddler adjust to, and function in a new setting are discussed.

Service coordinator reviews transition material with family, including information about community resources for those

children who may not qualify for LEA Part B services.

No less than 90 days
prior to the third birthday

Referral and notification of children receiving Early Start Part C Services ~~called~~ is completed to appropriate LEA provider, and with parent consent includes all pertinent medical and Early Start records. LEA's have 15 days to develop the assessment plan.

2 years 10 months

Evaluation for school placement and continued FNRC eligibility begins.

2 years 11 months

Prepare for IEP meeting.

Eligibility review for continued FNRC services takes place, if appropriate.

At least 10 days prior to the IEP the LEA confirms the date of the IEP meeting with FNRC. If possible this meeting may be combined with the exit IFSP review. The IEP was tentatively set at the Transition IFSP Conference.

By the child's 3rd birthday

LEA sends evaluation results to FNRC.

IEP and IFSP review meetings are held.

Note: If the initial IEP meeting is also the final IFSP meeting. Adequate time must be given at the IEP meeting to review progress in achieving IFSP outcomes before initiating discussion of the IEP.

E. Transfers

When a child who has an existing IFSP transfers into the area served by FNRC one of these procedures will be followed:

1. If the child had been served by the LEA in the area she/he was moving from and the LEA in the receiving area has an opening (i.e. is under its funded capacity), then the child will enter the LEA infant program under a 30-day administrative placement. An IFSP Periodic Review meeting will be held at the end of the initial 30-day placement to identify the services to be provided to the child by the receiving LEA. If the child had not been receiving Regional Center services before moving to this area and the LEA determines

the need for FNRC services, the LEA will immediately initiate a referral to FNRC.

If the child had been served by another Regional Center before moving to the FNRC region, FNRC will immediately implement the existing IFSP to the best of its ability while determining the need for any new assessments or services. By the end of a 30-day initial service period, an IFSP Periodic Review meeting will be held to identify the new services to be provided for the child and family.

2. If the child had been served by the LEA in the area she/he was moving from and the LEA in the receiving area does not have an opening (i.e. is at its funded capacity), then FNRC will be responsible for providing all services identified on the existing IFSP in as close an approximation as possible until any new assessments indicate a need for a change in services. The child will not have any priority status for placement in an LEA program based solely on the fact that the child had received LEA services prior to moving to the FNRC region.

F. Timely Exchange of Information

Both parties agree that the following timelines will be adhered to:

1. Referrals sent to the other agency within 48 hours of receipt of the referral when the child is clearly not eligible for Early Start services from that agency, based on the agency's definition of children they must serve as payor of last resort.
2. Contact made with the other agency at least two weeks before any proposed IEP meeting date prior to a child turning three, to coordinate meeting schedules.
3. Pre-school assessment results from the LEA to be sent to FNRC one month before the child's third birthday, and pertinent information from FNRC to be sent to the LEA one month before the child's third birthdate for infants served by FNRC.

G. Service Coordination

The LEA shall provide service coordination for all children who have a solely low incidence disability. FNRC shall provide service coordination for all other 0-3 year old children eligible for early intervention services as defined by Early Start.

9. PROCEDURAL SAFEGUARDS

Both parties shall abide by the Procedural Safeguards as outlined in the Federal Law and accompanying regulations.

10. SURROGATE PARENTS

The LEA agrees to share its listing of surrogate parents with FNRC. These surrogate parents may be called upon to provide surrogate parenting functions for a FNRC 36 month old client who is not served by Tehama County LEA. The LEA agrees to conduct training for surrogate parents in accordance with Education Code requirements. FNRC will be informed when those trainings will take place.

If the LEA does not have any surrogate parents available, FNRC will initiate their surrogate parent appointment process. The FNRC service coordinator will provide a one-to-one training with the potential surrogate parent. The FNRC Early Start administrator will assume responsibility for the actual appointment of the surrogate parent.

11. DISPUTE RESOLUTION

The following steps will be followed if a dispute arises between Tehama County SELPA and FNRC as to the nature and scope of the child's disability; i.e., whether the child has a solely low incidence disability and therefore needs to be served by Tehama County SELPA, or the child's disability includes conditions that meet Regional Center eligibility and therefore the child needs to be served by the regional center.

Step 1: Every attempt shall be made to resolve the dispute at the lowest possible administrative level starting with the supervisory level up to the agency director of FNRC and the SELPA Director.

Step 2: If resolution of the dispute is not achieved, the two parties may request assistance from any of the following:

- (a) Department of Developmental Services (DDS)
- (b) California Department of Education (CDE)
- (c) Another SELPA or Regional Center

Step 3: If resolution cannot be reached within 60 calendar days, the issue shall be referred to DDS and CDE for a state-level review and resolution.

Step 4: The state-level review shall be conducted jointly by DDS and CDE and a decision rendered in 60 calendar days of receipt of the dispute.

12. STATUS OF SERVICES DURING A DISPUTE

During the pendency of a dispute, an infant/toddler shall continue to receive the appropriate early intervention services currently being provided. If the dispute involves initial early intervention services, the infant/toddler shall receive all of those early intervention services identified and agreed to in the IFSP.

13. ADDITIONAL COMPONENTS

A. Interagency Meetings

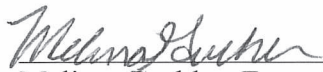

Both agencies agree to send representatives to periodic interagency meetings where issues pertinent to Early Start will be discussed.

B. Joint Training

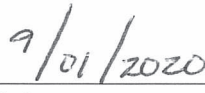

Both agencies agree to participate in the joint training of staff regarding the ongoing implementation of Early Start within the county. Staff will be informed of the contents of this Agreement. Future joint trainings may be held if new procedures are developed or this Agreement is substantially modified. Both agencies agree to notify the other party of any conferences or workshops pertinent to the implementation of Early Start.

PHILOSOPHY STATEMENT

California is committed to serving all infants, birth to three years, who have identified handicapping conditions or who are at high-risk for developing handicapping conditions. The Legislature has acknowledged that early intervention is effective in enhancing child development, reducing family stress, and avoiding greater costs on a long-term basis.

The following philosophical principles provide the rationale for the Early Intervention Project:

- Infants and toddlers are unique because of the dependence on their families. This dependence necessitates a family-focused approach to early intervention.
- Responsibility for a child's development rest with the family. Programs must support, not supplant, the family's role.
- No one agency or discipline can meet the diverse and complex needs of very young children with special needs and their families. A coordinated, interagency, and interdisciplinary approach to planning and delivery of services is necessary.
- Very young children and their families have a wide variety of needs and resources. Therefore our system must allow early intervention services to be individualized and flexible, to accommodate for changing needs of the family and child. Some infants considered at risk may need only periodic assessment and follow-up, while other infants and families may need intensive intervention and support.
- Individualized early intervention services for infants who are at risk, or who have a handicapping condition, and for their families, which provide a full range of services with active parent involvement can reduce significantly the potential impact of many handicapping conditions and positively influence later development.
- Early intervention systems must include the continuum of services necessary to address the varied needs of infants and families. The system must assure accessibility, availability, and accountability for individual families.
- Center-based and group service should maximize opportunities for integration with non-disabled infants and children. All services must be provided in a setting, and a context, that recognizes cultural and linguistic diversity, and acknowledges the value of each individual served.
- Due to the size and diversity of this region, the needs and resources vary significantly on a geographic basis. Any system must acknowledge and accommodate these differences to be effective.
- An early intervention system must allow for, and encourage, local decision making.
- The quality and effectiveness of services depends on well-trained early intervention staff. A team of personnel, knowledgeable in child development, atypical development and family systems, as well as the specific requirements of their unique disciplines, is critical. Absent that experience and understanding, early intervention staff shall undergo a comprehensive training plan for that purpose, which shall be developed and implemented as part of the staff development component of the local plan for early education services.
- As the state of the art in early intervention changes and our knowledge of child development improves, too, will this philosophy statement be reviewed.

Projected special education budget funding, revenues, and expenditures by LEAs are specified in **Attachments II–V**. This includes supplemental aids and services provided to meet the needs of students with disabilities as defined by the Individuals with Disabilities Education Act (IDEA) who are placed in regular education classrooms and environments, and those who have been identified with low incidence disabilities who also receive special education services.

IMPORTANT: Pursuant to California *Education Code (EC)* Section 56048, adjustments to any year’s apportionment must be received by the California Department of Education (CDE) from the SELPA prior to the end of the first fiscal year (FY) following the FY to be adjusted. The CDE will consider and adjust only the information and computational factors originally established during an eligible FY, if the CDE's review determines that they are correct.

Pursuant to *EC* Section 56195.1(2)(b)(3), each Local Plan must include the designation of an administrative entity to perform functions such as the receipt and distribution of funds. Any participating local educational agency (LEA) may perform these services. The administrative entity for a multiple LEA SELPA or an LEA that joined with a county office of education (COE) to form a SELPA, is typically identified as a responsible local agency or administrative unit. Whereas, the administrative entity for single LEA SELPA is identified as a responsible individual. Information related to the administrative entity must be included in Local Plan Section A: Contacts and Certifications.

Table 5: Projected Expenditures for Supplemental Aids and Services in the Regular Classroom and for Students with Low Incidence Disabilities

The standardized account code structure (SACS), goal 5750 is defined as "Special Education, Ages 5-22 Severely Disabled." Students with a low-incidence disability are classified severely disabled. The LEA may elect to have locally defined goals to separate low-incidence disabilities from other severe disabilities to identify these costs locally.

D13. Does the SELPA, including all LEAs participating in the SELPA, use locally defined goals to separate low-incidence disabilities from other severe disabilities?

Yes No

If "No," describe how the SELPA identifies expenditures for low-incidence disabilities as required by EC Section 56205(b)(1)(D)?

We utilize resource code 6502 to identify Low Incidence (LI) funds. The Administrative Unit and Regional Service Provider, Tehama County Department of Education (TCDE) employ all service providers eligible to provide services to students with qualified Low Incidence Disabilities. The salary and benefits of those qualified service providers, along with qualified equipment and materials, are the only expenditures utilized with Low Incidence Revenue. Additionally, a process to establish eligible expenditures, specifically related to materials and supplies, has been long established. Providers must provide evidence through each eligible student's Individual Education Program (IEP) that that the student has a LI disability and need documented by the IEP team. The SELPA Administrator and SELPA Fiscal Analyst review every one of these requests to ensure the expenditure is eligible to have LI revenue applied to it. Additionally, revenue used for staff salary and benefits is reviewed by the SELPA Governance Board. The revenue is applied to the salary and benefits of LI providers in an equitable manner, based on the percentage of students per LI disability type and the providers implementing service on the IEP. Students receive services in the least restrictive environment, many of which are within their district of special education accountability. TCDE is the only provider employing LI service providers and therefore the SELPA retains this revenue source, which in turn decreases the expenses of member LEAs, therefore increasing their overall revenue allocation.

Each SELPA must adhere to requirements for developing and reporting special education budget revenue and expenditures. The following excerpt is taken from California School Accounting Manual (CSAM): Procedure 755 Special Education on page 755-1 and included to assist the SELPA with completing Section D: Annual Budget Plan information for each LEA participating in the SELPA's Local Plan.

Special education budgets are complex and are of great interest to the public, both locally and statewide. *EC* Section 56205(b)(1) requires that a special education budget shall identify particular elements. Identification of the following elements is facilitated by the standardized account code structure (SACS):

1. Apportionment received by the LEA in accordance with the allocation plan adopted by the SELPA. (The apportionment is tracked in SACS in the resource field in combination with the revenue code in the object field.)
2. Administrative costs of the plan. (These costs are tracked in the function field.)
3. Costs of special education services to pupils with severe disabilities and low-incidence disabilities. (This population is identified by the goal field.)
4. Costs of special education services to pupils with nonsevere disabilities. (This population is identified by the goal field.)
5. Costs of supplemental aids and services provided to meet the individual needs of pupils placed in regular education classrooms and environments. (Costs of these aids and services are tracked in the function field.)
6. Costs of regionalized operations and services and direct instructional support by program specialists in accordance with Part 30, Chapter 7.2, Article 6, of the California *EC*, Program Specialists and Administration of Regionalized Operations and Services. (These costs are tracked in the goal field for regionalized operations and in the function field for instructional services.)
7. Use of property taxes allocated to the SELPA pursuant to *EC* Section 2572. (Property taxes allocated to the SELPA are tracked in the resource field and identified by a revenue code in the object field.)
