---

I've learned to be a better, more interactive member in my community. I have learned to problem solve, and discuss certain topics with peers. I have also felt more welcome within my community, feeling able to come out and talk about any problems I have.

FNL really connected me with my community. Events such as voter trainings, mock city council meetings, and guest speakers we get to listen to allowed me to address the problems in our community. Through FNL, I feel like I have a voice, and I also get to meet amazing people with...

**I’ve enjoyed countless things about Club Live. One of the things I enjoyed most is that everyone gets to participate in helping the community, and it gives a person opportunities to be a sort of leader in their community as well. In addition, playing fun games and socializing with other people were also some things I highly enjoyed at Club Live.**

**I enjoyed the environment my team members and I were able to create. It gave me a sense of accomplishment because we were able to educate the youth about the downsides to drugs and alcohol. We were also able to participate in fun games and create a community.**
