School Description

The Tehama County Juvenile Hall, Tehama Oaks High School, provides a standards-based educational program to all wards detained with the exception of high school graduates. The Tehama County Superintendent of Schools is the legal agent for administering the school. State adopted curriculum is used in all core classes including Math, English, Social Science, and Science. Students have one hour of Physical Education each school day. There are also opportunities for courses and activities which provide pre-employment skills, social skills, health, and fine arts. Educational programs are designed to meet the individual needs of all students while they are detained, using a balance of whole class, small group and one-on-one instruction along with independent learning in some academic classes.

Mission Statement:

Tehama County Juvenile Hall provides education and opportunities to ensure that all students succeed academically, socially, and vocationally and develop meaningful individual transition plans.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Each student has access to current textbooks and instructional materials virtually at all times during their stay. The exception to this rule, for security reasons, is that students are only allowed a very select number of materials in their rooms. The school site is Williams Act compliant.

All the main textbooks and materials are standards-based and are on the adopted lists. There are some materials that are older and are for supplementary use such as vocabulary workbooks, the Numeracy Project (standards-based detailed and differentiated lesson plans), and the language program, which may not be State Board of Education approved. Because of their supplementary nature, they may never be considered for State Board approval

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	--	--	30.0	33.0	48.0	50.0
Math	--	--	17.0	19.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Grade Level	2017-18 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
9	**	**	**

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**School Year 2017-18 CAASPP Assessment Results - English Language Arts (ELA)
Disaggregated by Student Groups, Grades Three through Eight and Eleven**

English Learners	--	--	--	--
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**School Year 2017-18 CAASPP Assessment Results - Mathematics

The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Parent involvement is highly encouraged for students detained in the program. Parents have direct involvement in Individualized Educational Programs (IEP) meetings for special education students, and in Student Study Team (SST) meetings for general education students. Parent conferences are encouraged and occur based on parent request. Our School Mental Health Clinician serves as a parent liaison. He makes contact with parents of students enrolled in our school program, offering updates on student progress at school. He collects feedback and answers questions from parents. Feedback is shared as stakeholder input for program improvement. A collaborative effort between the Tehama County Juvenile Hall and the Tehama County Department of Education (TCDE) is focused on a more comprehensive approach to parent outreach. The Juvenile Hall educational program is a significant part of the TCDE Local Control and Accountability Plan (LCAP).

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The Tehama County Department of Education and the Tehama County Probation Department are committed to providing a safe and secure environment for students and employees. The juvenile facility is inspected for safety and security monthly by the Tehama County Probation management staff. The Fire Marshall conducts an inspection every two years and the Juvenile Justice Commission and the Grand Jury conduct annual inspections. Available on-site is a General Crisis Information and Emergency Procedures Manual for Tehama County Schools. Staff regularly receive safety training and briefings.

Professional Development provided for Teachers

Weekly minimum days afford staff opportunity to share instructional expertise, enjoy presentations on various topics such as literacy and technology training. Instructional coaching is provided by the Educational Support Services Division of the Tehama County Department of Education. A particular focus has included participation in the TCDE SEES grant (Science and Environmental Engineering for Secondary) emphasizing Science careers and teacher coaching. The chosen professional development is driven by the recent changes in California Standards. Additional training during the 2017/2018 school year have included TEAM training, MakerSpace training and training on the Commercial Sexual Exploitation of Children. During 2018, staff attended the National Trauma Informed Schools Conference.

Types of Services Funded

The Tehama County Probation Department funds student services such as drug and alcohol counseling, sexually transmitted disease education, chaplain services, and motivational services. These services are available to students in groups or individual programs administered by the Probation Department. College and Career Exploration, and mental health support are provided by the school.

Career Technical Education Programs

This facility court school does not yet have any CTE programs. A college-career counselor meets with students to support them academic and life planning. Support is provided to complete FAFSA and College application High School Seniors. Workshops are provided to students to assist them in career searches and research as well as college options, applications, and other areas of need for future planning. Students are referred to a mentoring program to support them in their future planning and supporting them in taking those needed steps.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
